Wo wo wo... walkie talkie

I'm just walking down with my walkie talkie
Walkie talkie, walkie talkie, walkie talkie
Fun fun you are around from my walkie talkie
Walkie talkie, walkie talkie, walkie talkie

It's real killing sound
You can shake all your body movin' (movin')
Play the beat up and down
You'll know never to stop this feelin'
Get up, beat them

*Walkie talkie what can I do
We don't know
Walkie talkie get up, get up, get up, get up
Walkie talkie never feel rude
Every time you play you get in my mind

Walkie talkie...

You can feel my love with my walkie talkie
Walkie talkie, walkie talkie, walkie talkie
Beat them, don't let go, that's my walkie talkie
Walkie talkie, walkie talkie, walkie talkie

With this magical sound
I don't need any bridal, baby (bridal, baby)
Play the beat up and down
And I never can stop this feelin'
Never be there

*Repeat (x2)
Walkie talkie, walkie talkie, walkie talkie
You play you get in my mind
