I have contempt for certain types of people...
The lovers, the losers, the winners and the beauty
queens...
That guy walking down the street arm in arm with a
beautiful girl...
I want to be that guy again...

I remember walking with you before there was the
war...
But you don't know the war is over...
And I haven't got the sense to come in out of the rain...
Cause I love the rain...

I should have watched where I was going...
I guess I thought I could get away with it...
I'm a lover with a heart of stone...
I'm a loser with revenge on my mind..
I'm a winner who wants more than my reward...
But you...You always played the beauty queen...

I remember walking with you before there was the
war...
But you don't know the war is over...
And I haven't got the sense to come in out of the rain...
Cause I love the rain...

I was the one who gave you my heart...
I was the one who gave you my love...
I was the one who broke up our trust...
I was the one who gave you my love...
I was the one...or at least I could have been...
Could have been...could have been...

But you don't know the war is over...
And I'm not fighting anymore...
But you don't know the war is over...
And I'm not fighting anymore...
Couldn't I? Couldn't you?
I'm far enough away to need you now...
To need you now...
Couldn't I? Couldn't you?
Couldn't we?....
