I've burned the soul at both endsâ€¦The lights pass
quicker nowâ€¦
Slide the mask over my faceâ€¦Something doesn't feel
rightâ€¦

Breatheâ€¦Breatheâ€¦

I feel myself emptying outâ€¦I clutch at everything
around meâ€¦
This room is too quiet for the noise I'm trying to
makeâ€¦This room is too quiet and far too coldâ€¦
I will try to resist butâ€¦goodbyeâ€¦goodbye if I'm
goneâ€¦

Breatheâ€¦Breatheâ€¦Breatheâ€¦Breatheâ€¦

Its too late in the night to wantâ€¦I get the feeling I'm
starting to need something moreâ€¦
I need to see you smileâ€¦I need to hear you laugh with
meâ€¦
I need someone to say "it will be okay"â€¦I need
someone to say "all you have to do isâ€¦"

Breatheâ€¦Breatheâ€¦Breatheâ€¦Breatheâ€¦

I'm sorry for what I haven't doneâ€¦
I'm sorry if I didn't do enoughâ€¦
I'm sorry that I have to leave you like thisâ€¦
Now I have toâ€¦admit that I've failedâ€¦admit that I've
failed andâ€¦admit that I've failed andâ€¦
Admit that I've failed you andâ€¦admit that I've failed
you andâ€¦admit that I've failed you andâ€¦

Breatheâ€¦Breatheâ€¦Breatheâ€¦Breatheâ€¦All you
have to do isâ€¦..Breatheâ€¦
