Here in the dark  
Lying with you, this way  
I'm getting butterflies

My heart is carrying me away  
To places inside your eyes  
And lost in this moment  
Is where I belong

Right now, I know  
The reason I need you so  
Right now, it's clear  
The reason that God has brought me here

To hold you like there's no tomorrow  
Reach into your soul, somehow  
If I didn't already love you  
I'd fall in love, right now

We're here in the dark  
Like so many times before  
But it feels like it's our first night

'Cause my heart is beating to know you more  
And I'm still amazed you're mine  
And in this emotion  
Is where we belong

Right now, I know  
The reason I need you so  
Right now, it's clear  
The reason that God has brought me here

To hold you like there's no tomorrow  
Reach into your soul, somehow  
If I didn't already love you  
I'd fall in love, right now

Baby, just close your eyes  
(Close your eyes)  
This is where the dream begins  
And girl, if the sun don't rise

Then, this night will never end  
(Never end)

I'm gonna hold you like there's no tomorrow  
Reach into your soul, somehow  
If I didn't already love you  
I'd fall in love, right now
