How'd you do that  
I can't describe the way it makes me feel  
It threw me off track  
Until your kiss I had nerves of steel  
Your lips just seem to fit me  
All this love is makin' me dizzy

I knew I was gonna see fireworks  
The gates of heaven and emotional bliss  
Thought I had a great imagination  
But I never imagined  
This

I wasn't ready  
The way you touched me scared me half to death  
Have mercy  
But not enough to let me catch my breath  
I dreamed of us together  
But this dream is even better

I knew I was gonna see fireworks  
The gates of heaven and emotional bliss  
Thought I had a great imagination  
But I never imagined  
This

Oh, when we're doin' this  
This feeling is overwhelming  
When I think it's as good as it gets  
It's so good, nothin' can help me

I knew I was gonna see fireworks  
The gates of heaven and emotional bliss  
Thought I had a great imagination  
But I never imagined  
This

I knew I was gonna see fireworks  
The gates of heaven and emotional bliss  
Thought I had a great imagination  
But I never imagined  
This
