Thought I was awful tough
Been knocked down in the dust
A few more times than I would care to say
Then you came blowin' in
Like that old texas wind
And girl, you blew my heart away

Oh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones
And kept my cool
Baby, I've been thrown
A time or two
And I thought I'd fallen hard
'til I fell for you

I know it's dangerous
To take a chance on love
That's why I never dared to get too close
Then deep inside my heart
You had to go and start
A feeling I just can't control

Oh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones
And kept my cool
Baby, I've been thrown
A time or two
And I thought I'd fallen hard
'til I fell for you

The way you look at me
Makes this cowboy weak
I'd try to walk away
But I ain't got the strength

Oh, I've tamed wild horses
Rode the meanest bulls
Broke a few bones

And kept my cool
Baby, I've been thrown
A time or two
And I thought I'd fallen hard
'til I fell for you
And I thought I'd fallen hard
'til I fell for you
'til I fell for you
