Dark
Blind
The evil lives in your mind
Erase
Faith
Never trust in you
Abuse
Stain
The fucking ways you deceive me
Doom
Disorder
Terrible disaster to you

Killing off my soul
You torture me
Killing off my soul
You deceive me
See the truth and see your lies
You must be mad
Selfish ways to bring you down
Death has come for you

Cry with you desperation
(Laughing at your desperation)
God gave you termination
(Awaken to your manipulation)
The flesh and spirit elimination
(Attacked by my hallucination)
Wishing for your ruination
(Arrive at my destination)

Demon
Insane
Mind
Torture for evil
Enemy
Reject
Testify against me
Abject
Desire
The end justifies the means
Dust

Inflame
Alive to your own interests

Killing off my soul
You torture me
Killing off my soul

You deceive me
See the truth and see your lies
You must be mad
Selfish ways to bring you down
Death has come for you

Cry with you desperation
(Laughing at your desperation)
God gave you termination
(Awaken to your manipulation)
The flesh and spirit elimination
(Attacked by my hallucination)
Wishing for your ruination
(Arrive at my destination)

Fall from grace (Resist)
Morbid minds (Despite)
All mean tricks
Forlorn hope
See through you
Mindless fools
(Exile)
I see red
(Exist)
Need to kill
Needless human beings
It's in vain
(Resist)
Tell a lie
(Despite)
Keep up the show
You're making for excuse
Victim of justice (Exile)
Corrupting the time (Exist)
A nest of wrong
Change of the insane world

Eyes of the greed
Green with fear
Screams of pain
I'm killing you
