Dark side prisoner  
You have no alternative  
Be obsessed by a delusion  
Intending to kill  
Infant terrible  
Someone's fate's changing  
Reality is all over again  
Without fail  
Have something inside the brain

Be stained with bloodlust  
Lost of humanity  
Distorted greed unbound  
Destroying the human heart  
Start a chain reaction  
Slaughtered in vein  
Eyes that bleed  
The reaper manipulates your mind  
Bringing you to your death  
Tear you down!  
Feel the deadly cold  
Shame on you!  
The helpless minds of you  
Deep inside of you!  
Devils that drive you  
Losing your mind!  
The last thing you'll see:  
Hell! Grave!

In human violence  
Looking for sacrifice  
Straight out of hell  
Prevail your life  
You were way out of line  
Covering the truth  
I can't believe my eyes  
Without fail  
Have something inside the brain
