I can't struggle and feel the pain
Only looking at death
Keep down
Change desire for desperation
All thoughts going to waste
Never feeling the pain
Seeing things in agony
Deep inside of me

Unclear to others
Endless sorrow and pain
Mean and infectious
About to explode
For my own peace of mind
Stealing your souls
Get ready for the pain
I smell of death

Darkness lies over me
Reality turning to hell
Everytime I think of you
A soul that will never rest
No sights
No mercy
No warning
No feeling
Invading my brain
Keep driving my thoughts to the killing

Delete screams (Bring your death) Shadow of fear

Endless screams (Pray for death) Never feel death
Delete screams (Bring your death) Shadow of fear
Endless scream (Pray for death) Ever the feel the hate

You will die
You soul in black
In my head I hear you cry
Outbreak
Hate
Pray for life
You mutilated soul

You dream of death
You face the dead
Scream for me
Without pain I watch you die
No right to live
Wishing for death
Blind inside
I reek of hate

You'll see hell
Repeating thoughts of lies
I'm waiting for the day you are dead
There is nothing more for me to say
I fight hard
In a world that feeds on hate
