I've been in tears, I've been the clown  
I've had my doubts what if I'm wrong  
I've been in love then maybe not  
I crossed my heart and then forgot

Everywhere I go, I see you there, I  
(Everywhere I go, I see you there)

I read the story that you died  
I turned the page, you were alive  
With hope and love and mostly faith  
One day I'll see you face to face

Everywhere I go, I see you there, I  
(Everywhere I go, I see you there)  
Everywhere I go, I see you there, I  
(Everywhere I go, I see you there)

Everywhere I go, I see you there, I  
(Everywhere I go, I see you there)  
Everywhere I go, I see you there, I  
(Everywhere I go, I see you there)

Everywhere I go, I see you  
Everywhere I go, I see you  
Everywhere I go, I see you  
Everywhere I go, I see you
