Into the fishbowl  
I make my stand  
Among the red fish  
That shake my hand  
The left of never  
The right of me  
The yellow water  
Eternity

I'm in a fishbowl  
I'm a fishbowl man

Up come the red fish  
They speak to me  
They tell me secrets  
That shouldn't be  
Mystical water  
Bubble of birth  
I pop the question  
To Mother Earth

Jerry Spoken Word: (bridge)  
external internal constant longings  
inside out flacid dreams  
silver wings  
memory fading

the future snarls  
she brings me a plate of black eyed sneers  
waves crashing  
forest burns  
forced to impregnate itself to be freed  
crack the whip  
the horse has no conscience  
whether to live or merely recede  
pedastal landscapes manical reverence  
naked she lies  
clothed she pretends  
my god I can't stand it  
the systems the basics  
humanity swearing because it's been born  
non speaking monarch from fairy tale mishap

chartered a boat to visit my pain  
we talked for hours then it all became clear  
simply because I'm a Fishbowl man

I'm in a fishbowl I'm a fishbowl man
