There's a thought in my mind  
And there's nothing not far behind  
There's a road, there's a path  
There's a freeway and there's a map

There are flies and blue skies  
And the just and the unjust  
All walk side by side, side by side

There's a fog in, in my mind  
And there's nothing not far behind  
There is wrong, oh, oh, yeah, there is right  
There is peace and there's a fight

There is life, there is death  
And the difference between either one  
Is one single breath, yeah, yeah

There are flies and blue skies  
And the just and the unjust  
All walk side by side, side by side

There are flies, yeah, yeah and blue skies  
And the just and the unjust  
All walk side by side, side by side
