"Go Tell Somebody"

If it's making you shout then
go tell somebody
makes you jump all around then
go tell somebody
if it's rocking your house,
go tell somebody
it's judgment time
it's judgment time
if you like what you hear then,
go tell somebody
if you like what you hear then,
go tell somebody,
if you like what you hear then,
go tell somebody,
oh, (yeah) go tell somebody,
go tell someone.
if it's feeding your soul then,
go tell somebody
if it makes you feel whole then
go tell somebody
makes you hot when it's cold then,
go tell somebody
it's judgment time,
it's, oh yeah.
if you like what you hear then,
go tell somebody
if you like what you hear then,
go tell somebody,
if you like what you hear then,
go tell somebody,
oh, (yeah) go tell somebody,
go tell someone.
