I tried to change it
Tried to fix it
Tried to mix it
Rearrange it
I tried to hide it
Tried to hate it
Tried to fake it
Tried to break it

I change my mind

I tried to kick it
Tried to trick it
Tried to lick it
And live with it
I will admit it
I cannot fix it
Cause I am with it

All of the time

I change my mind

Ignore it
Embrace it
Forget it
I gotta go

I change my mind
I change my mind
I change my mind
