Let me tell you something
Let me tell you nothing
Let me tell you everything that you don't know
Come in with your feelings
Come in are you leaving?
Come and tell me everything that you know

I can't wait to see you smile
I can't wait to see you cry
I can't wait to see you high on everything
I can't wait to see you fly
I can't wait to see you die
I can't wait to see you shining like a diamond

I thought the dream was coming true
Just the way I wanted to

Yeah you got me reeling
Should I start believing
Yeah you got me thinking every single minute of the
day

I can't wait to see you smile
I can't wait to see you cry
I can't wait to see you high on everything
I can't wait to see you fly

I can't wait to see you die
I can't wait to see you shining like a diamond

I thought the dream was coming true
Just the way I wanted to

Jenna tell ya something
Jenna tell ya one thing
Jenna tell ya one thing that you'll never never know

I can't wait to see you smile
I can't wait to see you cry
I can't wait to see you high on everything
I can't wait to see you fly
I can't wait to see you die

I can't wait to see you shining like a diamond

I thought the dream was coming true
Just the way I wanted to
