

King's X "Ocean"

Visit "[Ocean](#)" on MotoLyrics.com

Deep in the ocean
A thought of you carries me there
Move in slow motion
I float above you in the air

Over the ocean
Across the sea
When I think of the ocean
It is there to remind me

High on a mountain
I look at the valley below
The sun shines upon them
But I'm up here in the snow

Over the ocean
Over the sea
When I look at the ocean
It is there to remind me

Deep in the desert
One flower standing alone
Faith hope and love
Carry me back to my home
