One mornin' walkin' down the street
Where nobody walks, nobody can hear
Started listenin' to a sound so clear
To the world around me

Incredible scene I had to believe
I saw a difference to the way I see
The mystery said
"Come and see the world around me"

See the world all around

I started to laugh but a grin took its place
And my heart beat louder like it never did before
I saw things that I never saw before
This world around me

I can't resist
I couldn't see how this could be an accident
I can't resist
I wanna see more

See the world all around
See the world all around

Lets see the world all around me
See the world, all around, cry
