So would you take me for a ride
And let me know that I'm alive
Oh sometimes I wish I never
Had an answer or a clue to anything

Chorus:
All this wondering
And this thinking and wondering
And this thinking and wondering
What I'm gonna do

So many reasons to believe
I am so easily deceived
Oh, sometimes I wish I never
Had an answer or a clue to anything

Chorus:
All this wondering
And this thinking and wondering
And this thinking and wondering
What I'm gonna do

Solo

So would you take me for a ride
And let me know I'm still alive
Oh, sometimes I wish I never
Had an answer or a clue to anything

Chorus:
All this wondering
And this thinking and wondering
And this thinking and wondering
What I'm gonna do
