Sunrise will come slowly
What do you think and Dream?
Where are you going with your head?
Another day in your pain...
There is a thing in my head
That makes me so sad and strange...
When I Look the Great Blue Sky
Every day above My Head...

Heavy heart on my way
Can my soul fly free?
Without wings - Down in the cage

Can my dream fly away?

Out of the world
The tears that I have she'd
Deep in my mind
Where the dream is right
There's a place in my soul
Where the emotions are free
And I know that this place
Isn't only a dream

Can my soul fly free?
Can I realize my dreams?
