Many lights that shine so high
Burn above your head
Many miles on your way
Through another land

You'll never reach the end
You'll never reach the end

Man in black on your way
On a desert plane
Tarot cards call three men
From another world

Day and night on his way
Your insanity, the reason of your life

Black Tower Is Your Aim
Another Dimension
Black Tower is Your Aim
Is Your Obsession

Into your subconscious mind

You're travellin' on
The meaning of existence
To you is shown

Three are your ways to it
Three doors for the call of three

Black Tower Is Your Aim
Another Dimension
Black Tower is Your Aim
Is Your Obsession.....

What happens in your head?
Where is your final day?
At the end...
Their fate in your hands
Your destiny is the edge
Of the world

Oh - They are ready to go!
Oh - There are so many worlds
