

## Kingdom Come "Cold Ground"

Visit "[Cold Ground](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I don't know what's going on'  
I don't know what's right or wrong  
All my senses turning on  
Don't know what I've become  
Blaming fingers everywhere  
Pretending they all care'  
Faking sorrow while you're falling  
Cause inside they're scared  
Empty minds keep on passing by  
Lonely eyes going blind  
Cold ground  
Sad sounds  
Angry people's all I see  
What a hopeless misery

Fading in the holy#  
Thoughts pretending to be free  
Broken faith is what we're heading for!  
Soon we'll face another wall  
Cold ground  
Sad sounds, bad signs  
Cold ground  
Sad sounds
