got it all - everlasting sunshine  
can't recall - when I had a bad time  
something's wrong it's getting colder  
things have changed but it ain't over  
need a break - allowing all the changes

*[Chorus:]*

easy talking hardline  
showing off your sharp mind  
putting on a sad smile  
doesn't help - never mind  
take a walk in my shoes  
facing all the bad news  
all you'd see are stop signs

everlasting red lights

coming down - taking on a hard way  
finding out - when to make the right play  
sticking to my own commitment  
gotta wait - there's gonna be a right time

letting go - believing in a good cause  
lot of times I've almost dropped it  
my inner voice made me fight it  
the call is out - the mission is believing
