Another day has come
It's such a heavy load
Another day has come, oh

Another wave of sadness
Another touch of madness
Another wave has come

A lot words of comfort
But they're just words not answers
Don't wanna be alone, oh no

Another day, another war
Another night, another star
And through it all
I'm loving you, loving you, loving you, oh

Another town, another face
Another wine, another taste
And through it all
I'm loving you, loving you, loving you, oh oh

It seems my life I'm spending
Along this road unending
Another day has gone

I guess there's still tomorrow
To kill the seeds of sorrow
And then the war is won, oh oh

Another day, another war
Another night, another star
And through it all
I'm loving you, I'm loving you, loving you, oh
I sure do

Another town, another face
Another wine, another taste
And through it all
I'm loving you, loving you, I'm missing you, oh oh
I sure do

But I'll be back
Back with you
