Mean dirty joe
Where did you go
Stole your best friends
Love away
Left without a sound
Look at you r face
Cold hard disgrace
Guilty of a broken trust
Oh, took his heart and
Threw it down
Mean dirty joe
Carry that load
Maybe you regret it now
Maybe you just don't
Now you're alone
Run down the road
Shouldn't have done that
Dirty deed
Oh, now you best keep
Movin' on
Where did you go
Where did you go
Go
You're really all alone
All alone
Now you cannot go home
