It's perfect when we touch
The signs are shining bright
We just can't get enough
This much we know

Oh, it's all right
Oh, it feels so right

Time has come
It's now, forever after now, sharing our laughter
For better or worse until we die
Now, forever after, now, sharing our laughter
Until the end of time

There's magic in our eyes
Which no one else can see
A flame that will not die
Shedding it's glow

Oh, it's all right
Oh, oh it feels so right

Time has come
It's now, forever after now, sharing our laughter
For better or worse until we die
Now, forever after, now, sharing our laughter
Until the end of time

We're wiser now but far
Our hearts are bound so tight
We know what we must do
Where we must go

Oh, it's all right
Oh, oh it feels so right

Time has come
It's now, forever after now, sharing our laughter
For better or worse until we die
Now, forever after, now, sharing our laughter
Until the end of time, now

For better or worse until we die, now
Until the end of time, now, oh, oh, oh
