

Kingdom Come "Passion Departed"

I've tried so many times
Have lied when we were blind
You act all so concerned
It seems you'll never learn

Don't say I'm evil inside
You just reflect in my eyes
And now stay out of sight
I just wanna survive

We are sinking, fear is grinding
Passion departed, I'm not a taker
Nor heart breaker, love can't be charted

Please don't act so surprised
You should know what it's like
Sweet talk just does no good
Although I wish it would

We are sinking, fear is grinding
Passion departed
I'm not a taker, nor heart breaker
Love can't be charted

It's not just you who's terrified
Who's spinning round and round inside
I hope the answer will arrive

We are sinking, fear is grinding
Passion departed, I'm not a taker
Nor heart breaker, love can't be charted

We are sinking, fear is grinding
Passion departed, I'm not a taker
Nor heart breaker, love can't be charted
