I wish we'd end this suffering
And all this crazy ranting
Instead of weapon waving
There would be lives we're saving

Hard
Pushin' hard
Pushin' hard
Oh

My fear is for the children
And for the lives they're building
I wish I knew the answer
We could avoid disaster

Hard
Pushin' hard
Pushin' hard
Pushin' hard

So, let the sun stream on down from the sky
And let the m-m-moments slip on slowly by
Instead of p-pushin', pushin' hard
We wouldn't feel so lonely inside
Lonely inside, lonely inside

I wish we'd end this suffering
And all this crazy ranting
I wish I knew the answer
We could avoid disaster

Hard
Pushin' hard
Pushin' hard
Pushin' hard
