Your eyes are cold
I know you'll tell me all
Not to fall
I lean against the wall

I'm on the floor
Not listening anymore
I should have known
The things to which you're prone

You cross your arms and tell no lies
A thousand thoughts run through my mind
A thousand words that I don't need
Would you ever leave me?

You cross your arms and tell no lies
A thousand thoughts run through my mind
A thousand words that I don't need
Would you ever leave me?

You cross your arms and tell no lies
A thousand thoughts run through my mind
A thousand words that I don't need
Would you ever leave me?

You cross your arms and tell no lies
A thousand thoughts run through my mind
A thousand words that I don't need
Would you ever leave me?
