Things seem so much better when
They're not part of your close surroundings
Like words in a letter sent
Amplified by the distance
Possibilities and sweeter dreams
Sights and sounds
Calling from far away
Calling from far away

I didn't know you then now, did I girl?
I couldn't hear you singing softly to me
I didn't know you then, now did I girl?
I didn't see the brave girl so near me
I didn't know you then, now did I girl?
I couldn't hear you singing softly to me
Singing softly to me

I wanted a mystery
That couldn't be solved
I wanted a puzzle
With pieces missing
I wanted a story
That couldn't be told
Only the fishin'
Part of fishin'

I didn't know you then now, did I girl?
I couldn't hear you singing softly to me
I didn't know you then now, did I girl?
I didn't see the brave girl so near me
I didn't know you then now, did I girl?
I couldn't hear you singing softly to me
Singing softly to me

And now I find
It was you all the time

In love again, love again
It's too late
Love again, love again, love again
It's too late
Love again, love again, love again

It's too late
Love again, love again, love again
It's too late
Love again, love again, love again
It's too late
Love again, love again, love again
It's too late
Love again, love again, love again
It's too late
Love again, love again
