Blistered, cracked and bleeding  
Cold, no one should know  
Rain falls down a freezing  
And sticking like a snow

Lingering suspicions  
Screaming in my head  
Lies, all mixed up with omissions  
Welcome home again  
It's too late for apologies they're falling at my feet

"This is just the way of the world", Joe said  
I had to put a bullet into his head  
Then he lit up a cigarette  
Decided to call his fat friend Fred

Well he said, "Fred I just killed a man  
I caught him laying with my girlfriend  
And now they're both dead  
People can be so cold when they're dead"

Calling all the neighbors  
Time to make amends  
Whiskey floods the table  
Good friends 'til the end  
And they're making silly faces and it's tasting bitter  
sweet

"This is just the way of the world", Joe said  
I had to put a bullet into his head  
Then he lit up a cigarette  
Decided to call his fat friend Fred

Well he said, "Fred I just killed a man  
I caught him laying with my girlfriend  
And now they're both dead  
People can be so cold when they're dead"
