You fall, my pride  
Don't ever need to apologize  
As your lips unfold  
Shakin' purple from the cold

You better learn to crawl  
You better learn to crawl  
Before I walk away  
Before I walk away

You broke my mouth  
The bloody bits are spittin' out  
Is your grave unscathed?  
The worm is countin' down the day

He wants to see you crawl  
He wants to see you crawl  
Before I walk away  
Before I walk away

The reds and the whites and abused

The crucified USA  
As every prophecy unfolds  
Oh, hell is surely on its way

The rat and the fly  
They're searchin' for an alibi  
As we wait the wrath  
They never went to Sunday mass

They want to see us crawl  
They want to see us crawl  
Before they walk away  
Before they walk away

The reds and the whites and abused  
The crucified USA  
As every prophecy unfolds  
Oh, hell is surely on its way
