Free, that's all that she could bleed
That's why she'll never stay
White, bare naked in the night
And lookin' for some play
But just another girl that wants to rule the world
At any time or place
And when she gets into your head
You know she's there to stay

You want it
She's got it
Molly's chambers gonna change your mind
She's got your
Your pistol
Molly's chambers gonna change your mind

Slow, she's burnin' in your soul
With whispers in your ear
It's OK I'll give it anyway
Just get me out of here
You'll plead, you'll get down your knees
For just another taste
And when you think she's let you in
That's when she fades away

You want it
She's got it
Molly's chambers gonna change your mind
She's got your
Your pistol
Molly's chambers gonna change your mind
