(Verse 1)

I got a razor sharp mind  
That wants to cut you down  
A little place in mind  
Maybe I could bed you down  
Pony up we got a ways to go  
Set me up my friend  
I'm running low

(Verse 2)

Oh if you take my hand I'm gonna get you outta here  
The crash of bottles breaking and the swinging  
chandelier

In a rain of bullets and blood and snow  
I saw the midnight coming and watched her go

(Outro)

In a rain of bullets and blood and snow  
I saw the midnight come and I watched her go  
Yeah I watched her go  
I watched her...  
I watched her go  
I watched her go
