I'm up off my knees, made the sign of the cross
Don'tcha lose that dream / I believe I'm not
dead broke,

Dead broke

I can whirl my arm with a hammer in hand,
I can piss in a pot and again in a pan / Dead broke,
Not dead broke

And I'm so softhearted / I just wish that I could get
my hands on you
Yeah, I'm so softhearted / I just wish that I could
get my hands on you

I'd ride into town if I had a horse
Steal from your fist, give to the poor dead broke,

Dead broke

Take every fuck that took from us,
Put 'em all away to collect interest and choke
on the dead, dead broke///

Well, I'm so softhearted / I just wish that I could get
my hands on you
Yeah, I'm so softhearted / I just wish that I could
get my hands on you

I believe / I believe / I believe, I believe, I believe,
I'm not dead broke
