By your own admission - you got nowhere to go
That ain't the transmission from the radio
Turnin' me over when I wanna sleep -
It's only October Street, ya know...

Strung out in the alleys and buildings set between the
sun
The girl in the valley don't wanna give Jesse none
She turnin' 'I'm over - wipin' her feet
It's only October Street, ya know...

And I want outta here - yeh, I want outta here

I want outta here - yeh, I want outta here...

(Solo)

By your own admission - you got nowhere to go
That ain't the transmission from the radio -
Turnin' me over when I wanna sleep
Lord, I'll die wherever you please but not on October
Street, ya know
That I want outta here - yeh, I want outta here...
