Kingspade  
Inked Up Lyrics

(RICHTER)

You hear the buzzin' of the machine, the ink's locked  
and loaded  
Time to get another piece and just right before the  
needle hits your skin  
You feel a calm taking over, you're in a state of peace  
thanks alot to the doja  
The session starts, seconds turn to minutes, minutes  
turn to hours  
But no stopping 'til its finished. the pain is pleasure,  
instantly gratified  
The end result will be with you 'til the day you die

(D-LOC)

Roll a joint, see the point, take a hit, there it is  
Got that bomb ass chronic, let my high set in  
In the chair is where I sit, leaning back  
Getting tagged on my neck and my chest got the color  
green and black  
Sub Core represent, gimmie love up on the dab,  
Let me stop at my pad, hit me up, I hit 'em back  
The tats going down, it's all coming over  
Kingspade For Life on my back and on my shoulders

(CHORUS)

That's what its like being tattooed  
Feeling pain as it pulses right through you  
Permenant for life, it's now a part of you  
Inked up forever, never coulda felt better  
And that's what it's like being tattooed  
People always stop to stare and interview you  
Don't care what people think to me, it's beautiful  
Inked up for forever, never coulda felt better

(RICHTER)

I got so many tattoos, so many memories  
Remember a lot of good times, built a lot of good  
friendships

It's a pure expression of ones self of the world  
Remembering the love of a portrait of your little girl

(D-LOC)

When you ride by my side, it's goin' down  
Seein a picture of your face on my arm its never  
mocked  
Together forever through the ink thats whats up  
I got your smile on my skin, everyday I get the love

(RICHTER)

And that's how I felt at the moment that I got it  
Just to let you know that you'd never be forgotten  
Everytime I look at that part of my body  
You'll always gonna be there, always right beside me

(D-LOC)

Can't forget about the time I was sittin in the chair  
With my head drippin' off like the world don't care  
Talkin' representin for life, lets do it hold tight  
Tonight's the night, stick a needle in my skin

(CHORUS)

That's what its like being tattooed  
Feeling pain as it pulses right through you  
Permenant for life, it's now a part of you  
Inked up forever, never coulda felt better  
And that's what it's like being tattooed  
People always stop to stare and interview you  
Don't care what people think to me, it's beautiful  
Inked up for forever, never coulda felt better

(RICHTER)

I catch alotta eye balls thrown in my direction  
For being tattooed from my toes to neck  
And it doesnt bother me, if does to yourself  
But if it does go to hell, I got a pocket full of wealth.

(D-LOC)

Yeah, let's take a trip to big bear  
Take a pill, drink a beer, get a tat up there  
Repped a hill, go see bill and nandra  
People that always wandered back to shop down yonda

(CHORUS)

That's what its like being tattooed  
Feeling pain as it pulses right through you  
Permenant for life, it's now a part of you  
Inked up forever, never coulda felt better  
And that's what it's like being tattooed  
People always stop to stare and interview you

Don't care what people think to me, it's beautiful  
Inked up for forever, never coulda felt better

That's what its like being tattooed  
Feeling pain as it pulses right through you  
Permenant for life, it's now a part of you  
Inked up forever, never coulda felt better  
And that's what it's like being tattooed  
People always stop to stare and interview you  
Don't care what people think to me, it's beautiful  
Inked up for forever, never coulda felt better

That's what its like being tattooed  
Feeling pain as it pulses right through you  
Permenant for life, it's now a part of you  
Inked up forever, never coulda felt better  
And that's what it's like being tattooed  
People always stop to stare and interview you  
Don't care what people think to me, it's beautiful  
Inked up for forever, never coulda felt better
