[Chorus (Richter)]

I dont know why
do u wanna hurt me
When i was only flirting
So why you trying to ruin my life
It's alright
And I don't think that im deserving
Im going through this hurting
just wanna hear you say its alright
Its alright

[Johnny Richter]

We used to be smooth as silk so how it go wrong?
How we let are love go and loose are tight close bond?
Why we gotta end it on a very sour sour note?
Well i ant ready to give in and just let you go
You always think im out cheating when im on the road
Even though i always call you after every show
Going way outta my way to let everybody know
That i got a girl at home and that this girl she got my
soul
Taking total control over my heart since the start
And now you wanna take my heart and rip it all apart
All because of silly ass rumors and stupid friends
You couldnt have let other people bring you and me to
an end
Nah no way that shit just cant happen
I couldnt belive when i came home you was packin
I cant begin to fathem having to go at it alone
I just wanna here your voice even if its on the phone

[Chorus (Richter)]

I dont know why
do u wanna hurt me
When i was only flirting
So why you trying to ruin my life
It's alright
And I, don't think that im deserving
Im going through this hurting

just wanna hear you say its alright
Its alright

[D-loc]

Its like a never ending battle, Ive been rattled, under
the weather
You win some you loose some but this ones for ever
I can still remember comming home off of tours
Finding letters on the pillow telling me that your bored
That you cant take no more and you've had enough of
me
That you cant even trust me enough to wanna be with
me
Its been crazy tryin to make it.
Aw Baby, the only thing I wanna do is prove the point to
my lady

Come on baby we've been in it for a miniute puttin in
work form the begging and this is how its ending
Were finshed it's sad to say but it's true
You've got to do what you do Ive got to do what i do
So keep a smile on your face and everything will be just
fine
Remember when i told you that i love your mind
You can see it in your eyes the whole world is yours
Im gunna miss those eyes that i dont got no more

[Chorus (Richter)]

I dont know why
do u wanna hurt me
When i was only flirting
So why you trying to ruin my life
It's alright
And I, don't think that im deserving
Im going through this hurting
just wanna hear you say its alright
Its alright

[Johnny Richter]

Dear baby girl, girl you know that your the one
So why you gotta beat up my face actin dumb
We in a public place with my homies all around
You know im only workin for you im always down
My love for you is true and i know you understand me
People's what i do cuz you know im in a band
So dont go flippin out when you see me hugging fans
shaking hands taking pictures you should know that im
your man

[D-loc]

Growin up a little bit changing as i get older
Doing things different than when i was younger
Your a very speacal person i wont ever forget
Its been like 5 years and im still diggin your shit
Ive gots to move on i cant dwell on the past
But i cant lie neither i still wanna tap that
Ask me no more questions cuz i gots no answer
I gives a fuck about some tits and a topless dancer

[Chorus Richter 2x]

I dont know why
do u wanna hurt me
When i was only flirting
So why you trying to ruin my life
It's alright
And I, don't think that im deserving
Im going through this hurting
just wanna hear you say its alright
Its alright
