Dorie, Dorie, Dorie by the firelight, come and dance
with me. Blazing in the night, the fire grows

Come and shout and sing, make the mountains ring
while our hearts beat high
Come and sing and shout. Laugh and turn about while
the flames reach the sky

Dorie, Dorie, Dorie by the firelight, come and dance
with me. Blazing in the night, the fire grows

Burn me with desire. Set my heart a-fire. Throw your
cares away
When the dance is through, I'll be holding you till the
break of day

Dori, dori, dorie

Dori, dori, dorie

By the firelight, come and dance with me. Blazing in
the night, the fire grows

By the firelight, find romance with me

You are mine tonight, the fire grows, grows, grows,
grows, grows, hey
