"The New Frontier"

Some to the rivers and some to the sea
Some to the soil that our fathers made free
Then on to the stars in the Heavens for to see
This is the new frontier, this is the new frontier

Let the word go forth from this day on
A new generation has been born
Born to the task to keep us free
But proud of the rights of the home country
This is the new frontier, this is the new frontier

Some to the rivers and some to the sea
Some to the soil that our fathers made free
Then on to the stars in the Heavens for to see
This is the new frontier, this is the new frontier

Let us begin for it shall take long
Let every man sing out freedoms song
Not for ourselves that we take this stand
Now it's the world and the freedom of man
This is the new frontier, this is the new frontier

The day will come, it's got to be
The day that we may never see
When man for man and town for town
Must bring the peace that shall resound
This is the new frontier, this is the new frontier

Some to the rivers and some to the sea
Some to the soil that our fathers made free
Then on to the stars in the Heavens for to see
This is the new frontier, this is the new frontier
