"Away From You"

Sitting in that small cafe
I caught your glance you took my breath away
We talked all night until the dawn
I held you close I knew my heart was lost

Away from you
Seems all I do is dream of you
The whole night through
Caressing you
My heart my soul I'm giving you
Forever and always

Can you wait until the day
When I am free and I can break these chains
We'll ride the seas we'll touch the stars
Time is the key now that we've come this far

Away from you
Seems all I do is dream of you
The whole night through
Caressing you
My heart my soul I'm giving you
Forever and always

Every moment you've been gone
I pray for strength to carry on

I see your picture on the wall
But you're not really there at all
I close my eyes and see you laying here with me

Away from you
Seems all I do is dream of you
The whole night through
Caressing you
My heart my soul I'm giving you
Forever and always

Away from you

Away from you
Seems all I do is dream of you

The whole night through
Caressing you
My heart my soul I'm giving you
Forever and always
