Hello, who's that speaking, please?

I'm on a party line  
Wonderin' all the time  
Who's on the other end?

Is she big, is she small?  
Is she a she at all?  
Who's on my party line?

Wish I had a more direct connection  
This party line was here when I arrived  
Which I'm not voting in the next election  
If they don't do something about finding out  
The person who is on my party line

I'm on a party line  
I'm on a party line

I can't speak without an interception  
This is private, please get off my line  
Please tell me when I can have my privacy  
I'd like to meet the girl who's always talking  
When I'm speaking on my party line

Wish I had a more direct connection  
This party line was here when I arrived  
And I'm not voting in the next election  
If they don't do something about finding out  
The person who is on my party line

I'm on a party line  
Wonderin' all the time  
Who's on the other end?

Is she big, is she small?  
Is she a she at all?  
Who's on my party line?  
Who's on my party line?  
Who's on my party line?
