Shout out, ring the bells  
Shout out, tell the world I'm in love  
Ring out, I feel fine  
This girl said she's mine  
So let the bells ring loud and clear  
Let the whole know I'm in love

Ring out, I feel fine  
This girl said she's mine  
So let the bells ring loud and clear

Can you hear those bells are ringing

Everywhere I hear them singing  
Hear them, hear them, hear them

Shout out, ring the bells  
Shout out, tell the world I'm in love  
Ring out, I feel fine  
This girl said she's mine  
So let the bells ring loud and clear  
Bells ring loud and clear
