Hear me brothers, hear me sisters  
Citizens and comrades hear my song  
The old life's dead, the order's changing  
It's time for all of us to move along

I got no time to live life with old worn out traditions  
Swallowed my pride, changed my ways  
And found a new religion  
There you go

Sick and tired of living on loans  
Driving around in a car that I don't own  
Tired of looking at wealthy faces  
Flying off to far out places

The workers of the world  
Shall give the profits to the people  
Class will disappear and we will live our lives as equals  
There you go, oh there you go

And we'll all walk along  
And we'll all sing a song  
And we'll all mark time as we go  
Yes, we'll all walk along  
And we'll all sing a song  
As we walk down salvation road  
Walk down salvation road

Goodbye youth, goodbye dreams  
The good times and the friends I used to know  
Goodbye freedom, hello fear!  
A brave new world has suddenly appeared

Got to be hard, don't look back and no more  
reminiscing  
Times are rough, we've got to be tough  
And concentrate on living  
There you go, oh there you go

And we'll all join hands  
And we'll all march along  
And we'll all mark time as we go

Yes, we'll all walk along  
And we'll all sing a song  
As we walk down salvation road

Yes we'll all walk along  
And we'll all sing a song  
And we'll all mark time as we go  
Yes, we'll all walk along  
And we'll all sing a song  
As we walk down salvation road

Walk down salvation road
