You worry 'bout the sun  
What's the use of worrying 'bout the big ol' sun  
You worry 'bout the rain  
The rain keeps falling just the same  
You worry when the one you need has found somebody  
new

But the world keeps going round  
The world keeps going round  
You just can't stop it  
The world keeps going round

You worry 'bout yourself  
What's the use of worrying now you're almost grown  
You worry 'bout your home[?]  
What's the use of worrying 'cause you'll die alone  
Times will be hard, rain will fall  
And you'll feel mighty low

But the world keeps going round  
The world keeps going round  
You just can't stop it  
The world keeps going round

Times will be hard, rain will fall  
And you'll feel mighty low

But the world keeps going round  
The world keeps going round  
The world keeps going round  
The world keeps going round  
You just can't stop it  
The world keeps going round  
The world keeps going round
