I'm just a simple workin' man  
Gettin' by the best I can  
In this crazy mixed-up muddled-up world that I live in  
I'm a middle class sort of a guy  
I'm not rich but I get by  
Pretendin' that I know just what I'm doin'

I'm a well bred upper class chap  
I don't care much about this and that  
Even when I know there's trouble brewin'  
We think there's a change in the weather  
We've got to learn to stick together  
We've seen the thunder clouds in the sky  
I wanna live, I don't wanna die

I think the weather's changin', I hope the weather is  
gonna change  
I hope it's a change for the better and it will brighten up  
my day  
I think there's a change in the weather, I hope good  
weather is here to stay  
I hope it's a change for the better and it will brighten up  
my day

See the holocaust risin' over the horizon  
Gonna see a manifestation, total chaos, devastation  
Anticyclone and tornadoes brewin'  
Gonna feel the lightnin' strikin'  
Thunder clap smoke that frightnin'  
There's gonna be evil doin', there's trouble brewin'

Everybody scared  
Too much thunder, too much fightin'  
Heavy storm clouds comin'  
Gonna cover up the sun  
Gonna terrify everyone  
Better pack up your bags and run

I think there's a change in the weather  
I think the weather is going to change  
I hope it's a change for the better and it will brighten up  
my day

I think there's a change in the weather, I hope good  
weather is here to stay  
I hope it's a change for the better and it will brighten up  
my day
