There's too much on my mind  
There's too much on my mind  
And I can't sleep at night thinking about it

I'm thinking of the time  
There's too much on my mind  
It seems there's more to life than just to live it

There's too much on my mind  
And there is nothing I can say  
There's too much on my mind  
And there is nothing I can do about it, about it

My thoughts just weigh me down  
And drag me to the ground  
And shake my head till there's no more life in me  
It's ruining my brain, I'll never be the same  
My poor demented mind is slowly going

There's too much on my mind  
And there is nothing I can say  
There's too much on my mind  
And there is nothing I can do about it, about it

There's too much on my mind
