All that I see, seems so unreal to me  
Is it the truth or is it only fantasy?  
Is it a dream or is it the real reality?

All around me is such unreality  
Optical illusions as far as my eyes can see  
Is the whole thing a fake or the ultimate reality?

That house is so big that it reaches right up to the  
clouds  
It's got hundreds of windows, so the people inside can  
look out  
Now as they look down below and wonder what it's all  
about

Look at that lady she got silver all over her face  
Is she a human being or a creature from outer space  
Is she authentic or phony, I guess it's just a matter of  
taste

Oh, because they can feel it, it's gotta be the real thing  
Because he can touch it, it's gotta be reality  
Oh, if they say it's real, it's gotta be the real thing

See that fella, looking all spick and span  
Is he a tailor's dummy or is he a real man?  
Is he genuine, or straight off the assembly line?

Oh, all round me is such unreality  
Optical illusions as far as my eyes can see  
Is the whole thing a fake or the ultimate reality?

Is it a dream or is it the real reality?
