English Translation:

I'm running on Oregon street
and I get on a taxi going at full speed
I just got out of the hotel and it's already 2
I'm late for the celebration

There is someone else in the car
He smiles when he sees that I'm scared
He says: (in a higher voice) I have a party
After all the other parties

Chorus:

It's the 'after,' after the 'after'
after the 'after'
after the 'after'
after the afterlife.... (end of Chorus)

He continues talking
he has a fiery voice
red skin
and smells like sulfur

He says that in his party the heat never ends
the speakers go pum, pum, pum
he says that in his party the alcohol never ends
and not a drop of sunshine can enter

He hands me a red Malboro
and a lighter
and tells me the smoke
is good for love

He "Pradally" wears every button
and continues his mutation

There will be a long line

but there is place for millions of souls
Your name is already on the list
it's welded in gold

Chorus

Original Spanish Version:

Voy corriendo por la calle obregÃ³n
Y me monto a un taxi a todo motor
Apenas salgo del hotel y son las 2
Voy tarde a la celebraciÃ³n

Ay alguien mÃ¡s en el auto
SonrÃ­e al verme asustado
Me dice tengo una fiesta
DespuÃ©s de todas las que hay!

CORO

Es el after, despuÃ©s del after
DespuÃ©s del after,
DespuÃ©s del after
DespuÃ©s del afterlife! (fin de coro)

Sigue platicando y
tiene fuego voz
La piel rojiza
Y en su azufroso olor

Cuenta que en su fiesta no se acaba el calor
Retumban las bocinas pum, pum, pum
Cuenta que en su fiesta no se acaba el alcohol
Y que nunca entra una gota de sol

Me da un malboro rojo
Y un encendedor
Me dice que el humo
Le hace bien al amor

Pradamente viste cada botÃ³n
Y asÃ­ sigue su mutaciÃ³n

HabrÃ¡ una fila muy larga
Pero lugar para millones de almas
Tu nombre ya estÃ¡ en la lista

Chapeada con letras en oro

CORO

El taxista se detiene
Son seis, seis, seis pesos por favor
Le pago y luego despido
A mi nuevo amigo en cuestiÃ³n
Que se ha desaparecido
Como un vampiro en cuestiÃ³n

CORO (x2)

Submitter's comments:Â

Everything between parentheses is my own commentary

The chorus is in both English and Spanish... The 'after' between quotations refers to an after party.

This is obvious in Spanish but more difficult to communicate in English.

There are certain words that they made up, like 'Pradamente,' which I translated as 'Pradally,' and is a made up adjective that means: Prada-looking (as in the fashion brand).
