Those Girls (x5)

(girls, girls. girls, girls)

Those girls, that's what you want

Those Girls

Those girls, that's what you want

Those Girls

Those girls, that's what you want

Those Girls

The palms are already sweaty on the back of my neck
and the anxiousness is settin' and it's circuling 'round
my head

just like a more just got a bit off by your hundred watt
lightbulb

lets see that likely truth

Standing in the doorway

waiting in the doorway

waiting for infront of me

waiting for the lezz to go out

Those girls

Those Girls

Standing in the doorway

waiting for infront of me

waiting for the lezz to go out

Those girls, that's what you want

Those Girls

Those Girls, that's what you want

Those Girls

The anxiousness is setting in

The palms they were sweatin'in

My thoughts come and guessin' 'em

They're circulin' around my head

just like a more they just got a bit off by that hundred
watt lightbulb

what its likely truth

Standing in the doorway
waiting in the doorway
waiting for infront of me
waiting for the lezz to go out

Those girls

Standing in the doorway
waiting for infront of me
waiting for the lezz to go out

Those girls, that's what you want
