Goodbye to aliens goodbye  
It's only right to wonder why  
Hello to mr. muscleman  
Bulldog tattoos and masterplans

When I was asleep I always had a dream  
We took an axe to the museum  
And cut it down  
We cut it down

The streets are full the shops are shut  
And all the windows boarded up  
The demolition's underway  
Tomorrow just like yesterday

When I was asleep I always had a dream  
We took an axe to the museum  
And cut it down  
We broke the ground  
We cut it down

Goodbye to aliens goodbye  
It's only right to wonder why

When I was asleep I always had a dream  
We took an axe to the museum  
And cut it down  
We cut it down  
We cut it down  
And broke the ground
